

## **Practice with Subtraction**

Please choose the best answer to each of the following questions.

1.  $3 - 3 =$

6

0

3

12

2.  $5,349 - 433 =$

1019

4916

4432

3. 
$$\begin{array}{r} 82 \\ -46 \\ \hline \end{array}$$

42

36

44

4. If there were 8 pieces of pizza, and your brother ate 3 of the pieces, how many were left?

8

5

3

11

5.  $4538 - 249 =$

2048

4239

4289

6. Evaluate  $41 - 26 =$

12

15

25

24

$$7.27 - 15 =$$

12

17

15

8. For  $247 - 83$ , in order to properly subtract the tens position, you must borrow from

The tens position

The ones position

The thousands position

The hundreds position

The tenths position

9. Evaluate  $98 - 29 =$

71

73

79

69

10.  $a - 4 = 15$

$$a =$$

11

21

19

15
